Adam Bonne Laid To Rest

Funeral services for Adam Bonne, who passed away in a Calgary hospital Wednesday, Nov. 17, were held from Culham's Funeral Home here on Sunday, Nov. 21, Rev. T. A. Haythorne officiating.

The Blairmore Branch of the Canadian Legion, B.E.S.L., had charge of funeral arrangements, which saw members of the Legion, members of the 22nd Armoured Brigade, reserve unit of Blairmore, and the Elks attend in a body.

At the graveside the Last Post was sounded by W. Goodwin of Bellevue and three volleys were fired by a firing party under command of Capt. J. R. McLeod. The last rites of the Elks lodge were performed by C. A. Freeman.

Honorary pallbearers, members of the Elks, were H. Zak, A. Voiprava, C. A. Freeman, A. Vangotomovien, I. Evans and H. M. Dancy. Active pallbearers, members of the Canadian Legion, were E. G. Montalbetti, J. Anderson, H. Lord, C. Roughhead, J. Parkinson and W. Goodwin.

A veteran of the Second Great War, Mr. Bonne had resided in the Crows' Nest Pass since coming here as a boy from Belgium with his parents. In recent months he had been in partnership with his brother-in-law, A. Weltsen, at an Elk Valley sawmill prior to his illness.

C.N.P. Ski Club To Erect \$1,200. Ski Tow

(Lethbridge Herald)

"Crows' Nest Pass Ski Club enthusiasts have hopes this year of erecting a 1,500-foot ski tow on their trail here, and they 'may get it yet,' Martin Aschacher, president of the club said recently.

Ski enthusiasts have been busy themselves during spare moments and on Sundays clearing wooded section of the ski trail for the proposed lift that will cost \$1,200, and will entail much manual labor in its erection by members of the club.

"We are clearing the trail for the tow where it will go so it will be ready," Mr. Aschacher said.

"Although 'this lift' had 'only sixty members last year, composed of forty seniors and twenty juniors, the ski clubs of Lethbridge and Waterton Lakes made liberal use of the trail, with a bus from Lethbridge arriving most week ends for skiing.

With men who know skiing best, the ski trail of the Crows' Nest Pass club, situated in view of the town here, is considered 'a very good trail.' That is the opinion of Bruno Engler, who is now at Banff; Ted Paris, from Lethbridge, and Hans Gunnerson, who made an initial run in the senior men's class last year. Mr. Gunnerson is a one-time Dominion jumping champion.

Already members have chinked the walls of their cabin at the foot of the ski trail, and they intend to put a floor in it.

"We are endeavoring also to make a loan to put this tow in," the president stated.

Steve Ondrus, Coleman, is vice-president of the Crows' Nest Pass Ski Club; R. B. Burman, Blairmore, is secretary-treasurer.
First meeting of the year is expected to be called soon, the president said.

He leaves to mourn his beloved wife, Audrey; his parents, Mr. and Mrs. C. Bonne, and a sister, Mrs. A. Weltsen, all of Blairmore.

HILLCREST ITEMS

Miss Clara Emery returned last week to her home in Calgary, after visiting in town, guest of Mr. and Mrs. F. McDougall.

Mrs. C. McIsaac was a bridge hostess last Friday evening.

Tom Mühl, who is studying at Mount Royal College in Calgary, was a week end visitor with his parents here.

Mrs. J. Craig and her sister, Mrs. F. Gates, of Frank, journeyed to Medicine Hat last week to meet their sister, her husband and family of four sons of Wilts, England. This is the first visit the sisters have had since 1929.

Mr. and Mrs. McKinnon of Brockton were week-end visitors of their son-in-law and daughter, Mr. and Mrs. DeMeyer.

Death of Mrs. Harry Jones

Friends were sorry to hear of the death of Mrs. Harry Jones, who passed away in the Central Alberta Sanatorium on Nov. 13 at the age of 48. Mrs. Jones (nee Amelia Tarrant) was a former nurse in the Hillcrest hospital. Funeral services were held from the Anglican church in Drumheller on Nov. 16.

Riva - Gardiner

A quiet wedding was solemnized in St. Paul's United church, Coleman, on Nov. 17, when Effie, only daughter of Mr. and Mrs. R. Gardiner of Hillcrest became the bride of Victor Riva, only son of Mr. and Mrs. H. Riva of Bellevue. The happy couple enjoyed a honeymoon in Calgary, and will make their home in Coleman.

Claim Entered For Pass Work

An action to recover \$1,465.64 alleged extra costs in the contract to carry out repairs on the Crows' Nest Pass hospital has been entered in the Supreme Court by Alex. Hagblum, of Saskatoon, against Shogquist Construction, Western Ltd., of Calgary.

The statement of claim sets forth that plaintiff tendered for the contract at the hospital in December, 1947, and was successful with a bid of \$9,500. The contract called for the laying of 72,000 bricks.

He started the work in March, 1948, and found that it would require an additional 30,000 bricks. He spoke to defendants, who agreed that the work should be 'done,' and they approved the extra costs.

Plaintiff carried out the extra work and presented his bill which was refused by defendants. He claims the amount due and costs.

German, McKay and McLaws are representing plaintiff. — Calgary Albertan.

Descriptive List of Films

Alberta circulating film exchange system (urban), October 1 to December 31, 1948, No 5 centre, Blairmore, Sgt. S. M. Murray:

After Work, No. 38, 10 minutes. This film contrasts working conditions in our factories with the leisure time pursuits now available to workers. It shows what various groups have done by combining their efforts for pleasure: bowling, dancing, swimming, handicraft work, art, etc.

Winter Sports, 10 min. Champions show the "how" of skiing, skating, tobogganing, ice sailing, snow trotting.

Citizens Are Asked To Follow Up Survey Work

The following letter received by Mayor Williams from Dr. A. H. Baker, medical superintendent and director division of tuberculosis control. Alberta department of public health, while giving the result of the recent TB clinic held in Blairmore, emphasizes the need where advised that further examination is advisable, "those persons concerned should be encouraged to have this done." We will let Dr. Baker's letter speak for itself:

Dear Mayor Williams: I understand that you acted as general chairman for the organization of the mobile X-ray unit survey recently carried out in Blairmore. I am, therefore, sending you the statistical report of this survey.

If you publicize these figures, would you please draw attention to the fact that the diagnosis made are not final, but are based solely upon the appearance of the X-ray films. For this reason, where there has been further examination advised, those persons concerned should be encouraged to have this done, so that the diagnosis may be established. Letters have been sent to those persons whose films showed anything of significance.

May I take this opportunity to thank you and those who worked with you to organize this survey. The Tuberculosis Division appreciates the fact that local organization and interest are of prime importance in getting the people of the community to turn out in sufficient numbers to make such a survey a success. It is considered that the men-out in Blairmore was very satisfactory.

Yours truly, A. H. Baker, M.D. Accompanying the letter was the result of the Mobile X-ray unit survey held in Blairmore October 7, 8 and 9 of this year, as follows:

Number X-rayed	988
Number of films spoiled	3
Number of films interpreted	985

services. This film illustrates how one of the units was set up and shows the members of its staff at work in the community.

What's on Your Mind? No. 41, 11 min. This film indicates some of the ill effects of today's problems on mental health and describes progress scientists are making in the treatment of mental disorders.

White Safari, No. 21, 10 min. The story of Operation Muskox, the Canadian Army's expedition into the Northland.

Winter Sports, 10 min. Champions show the "how" of skiing, skating, tobogganing, ice sailing, snow trotting.

Your Children and You, No. 11, 30 min. This film was made to help parents solve some common problems of child training by showing just how the world around us looks to a child. Stimulates our imaginations in providing ways to keep them happy and healthy.

Your Children's Eyes, No. 8, 20 min. Physiology of the eye; meaning of long and short eyesight; need for rest, recreation and good food.

When you brood over troubles you are apt to get a good batch.

Turtle Mt. Playgrounds Enlarge Dance Floor

Don't forget to attend the 5th annual pre-Christmas dance in the newly enlarged Turtle Mountain Playgrounds dance hall and sponsored by the Bellevue Lions club. Arcadians orchestra will supply their poppy tunes for this dance on Friday, Dec. 17th. Confetti and streamers will also add color to the evening's entertainment.

The hall is being enlarged by extending south to the corner of the original building, and the full length of the hall. The floor space of the annex is nearly as large as the first hall and will be of maple flooring suspended on rubber. It is constructed so that the hall can be used either as one large hall or as two smaller halls by means of sliding panel doors.

The interior walls will be beautifully decorated and designed in modern fashion with plywood panelling four feet from the floor and levelled down a cone the rest of the way to the ceiling. The ceiling, too, will be panelled don-s-cona with indirect fluorescent lighting and wall lights on the four walls. A fireplace will give grace to the west end and the entrance will be changed, with the door leading in from a landing in the new portion of the building. The total floor space will be approximately 3,000 square feet. So don't miss this night of fun and merrymaking. Dancing will be from 9 p.m. till 1 a.m.

Milk Consumption in South Alberta Declines

(Lethbridge Herald)

Statistics listed at the milk inspector's office, department of agriculture, in the city bear out a recent statement of Dr. L. B. Pett, chief of the nutrition division of the national health department, Ottawa, that milk consumption in most parts of Canada is declining.

A decline has been evident throughout southern Alberta since the rise in price of milk to householders became effective following the lifting of government subsidies last January.

Prices of milk in Lethbridge in October, 1947, were 14 cents a quart, compared to 17 cents in the same month in 1948. In Medicine Hat prices were similar, and in the Crows' Nest Pass they were 15 cents a quart in October of 1947, as compared to 21 cents a quart in October, 1948.

Comparing milk consumption figures in these three areas for October, 1948, with those of October, 1947, a decline is shown at each place. A decrease of one per cent is shown for Lethbridge. In Medicine Hat, where in August and September figures were or the increase, October, 1948, statistics showed a drop of five per cent over the previous month of September and compared to October, 1947, a decline of 32 per cent.

In the Crows' Nest Pass area where a month ago a two cent increase in the cost of milk per quart made the price jump to 21 cents, milk consumption in one month from September to October, 1948, decreased 9.3 per cent. Comparing October, 1948, figures with those of October, 1947, when the price was 15 cents a quart, the decrease is 19.1 per cent.

Veteran of Two Wars Succumbs

Funeral service for Stearns J. Purdy, 60-year-old miner who died at his home in Bellevue were held Sunday at 12:30 noon at the Bellevue United church, Rev. J. Kay officiating. Interment was made in the Masonic plot at Hillcrest, following last rites of the Order.

Deceased came to southern Alberta from Nova Scotia in 1912, and first lived in Bellevue in 1913. At different times he also lived in Calgary and Diamond City, and for a number of years operated a mine at Lundbreck. He was born at Walsh River, Nova Scotia.

He was a member of the Odd Fellows since 1911, and in 1913 joined the Masonic order. He was also a member of the Canadian Legion. He served overseas during World War I. and belonged to the Veterans' Guard in the recent war.

Surviving are his wife, Lottie; two sons, Leon at Bellevue and Denzil at Calgary; one daughter, Mrs. W. (Thelma) Hamilton at Lethbridge. One son predeceased him in 1928. Two brothers and one sister, Mrs. E. Hughes, are at Alberta Beach, and one brother is at White Rock, BC. There are four granddaughters.

It Takes Two To Be Quarrelsome

It is always true that it takes two to make a quarrel, or to keep one going. When Alice makes a mean remark about you, or Jim does something you don't like, your temper flares and you try to get even by saying and doing things you would not do if you were not so angry with them. That starts a quarrel. And you are unhappy, for no one likes to quarrel.

Next time someone says or does something that makes you mad, try not to pay any attention and see what happens. If you don't like another person's ideas, maybe he doesn't like yours, either, so don't make an issue of it. If you refuse to take offense, to be resentful or say mean, spiteful things, there won't be any one to quarrel with and there won't be any quarrel.

We all say and do things we would like others to overlook and forgive. We want them to see the good in us and we should be willing to see the good in them, instead of getting into a fuss over something. Even though it takes two to make a quarrel, it only takes one to stop it.

Make it your responsibility to stop quarrels and see how much it adds to your happiness and your popularity—Ex.

Crows' Nest Pass area half a pint per person a day.

However, in spite of decreases, recent bureau of statistics figures show that milk consumption across Canada is actually 40 per cent higher than before the war. The National Dairy Council points out that during the last ten years other food prices have increased 128 per cent, milk only 30 per cent.

Mr. Phillips felt that locally the decrease was due to the rise in cost of living of all products.

The Ladies' Relief Society of the LDS church met on Wednesday evening at the home of Mrs. Frank Loyall.

Mr. and Mrs. J. W. Cousens of Bellevue were amongst those who donated to the United Emergency Fund for Britain on Tuesday, Nov. 23.

Rationing U.S. Dollars Continue Another Year

The Hon. Douglas Abbott, min-
ister of finance, has announced that
the rationing of U.S. dollars for plea-
sure travel will continue in force dur-
ing the period from Nov. 16, 1946,
to Nov. 15, 1947. The maximum
amount of U. S. dollars which any
Canadian resident may obtain during
this period for this purpose will re-
main at \$150. In the case of children,
eleven years and under, the amount
is \$100.

The minister paid tribute to the Can-
adian public for its co-operation dur-
ing the past year in complying with
both the spirit and the letter of travel
regulations. He pointed out that it was
expected that the rationing of plea-
sure travel during the past twelve
months would show a saving of be-
tween \$40 million and \$50 million U.
S. dollars, as compared with the 1947
travel expenditures. This substantial
sum was thus made available for
many essential supplies and commodi-
ties during this period.

Decision to continue the pleasure
travel ration, the minister said, was
reached after a most careful assessment
of all factors relating to Canada's U.
S. dollar position. It was felt that
rationing of pleasure travel was less
onerous than many other restrictions
made necessary by exchange difficul-
ties. Therefore, to the extent that the
exchange situation had improved, it

seemed reasonable to relax the more
burdensome regulations first. Travel
restrictions, however, Mr. Abbott
said, will be removed as soon as con-
ditions warrant.

Form H permits will continue to
be necessary to take out of Canada
more than \$10 U.S. or more than \$25
in U.S. and Canadian funds combined.
As in the past, there will be no re-
striction on the number of pleasure
trips taken by Canadian residents in
the United States as long as the an-
nual allotments not exceeded. Any
U.S. dollar obtained for one trip and
not used on that trip must be brought
back to Canada and exchanged for
Canadian dollars.

Application for U. S. dollars for
business, health or educational travel
will continue to receive special con-
sideration.

KITCHEN MEDITATIONS

Bless The Work

BY JANE DALE

Bless the work my hands must do
As the hours speed quickly by.
Much of it so commonplace;
Much which does not beautify.
Bless the humdrum tasks I pray,
Sanctify them every day.
Bless the word that I must speak
As a mother, neighbor, friend.
Much is without eloquence;
Much forgotten at day's end.
Bless the words and may they find
Beauty in another's mind.
Bless the moments set aside
From my daily work and care;
For a quiet walk with Thee;
For a quiet word of prayer.
Bless these moments, grant that they
May grow richer day by day.

B.C. Hydro Electric Plant In Motion

BRIDGE RIVER, B.C.—The 36-year-old dream of a retired surveyor has come true. Geoffrey M. Dowton recently pushed a platoon button that set the British Columbia Electric Company's new \$22,000,000 hydro-electric plant in motion.

The plant, which produces 62,000 horsepower, is largely the result of Dowton's dream.

Situated about 130 miles northeast of Vancouver, the unit is one of 10 which eventually produce 620,000 horsepower for industry in the B.C. coastal area. It is part of a \$50,000,000 expansion program designed to lure industry and business from the east.

The actual planning of the scheme is almost fantastic. Mission Mountain divides Bridge River, a relatively small body, from Seton Lake, the source of the power. To the casual eye the two appear to be on the same level.

Dowton discovered there was in reality a drop of 1,200 feet from the lake to the river in 1912.

Now the vision is complete. Situated in the heart of rugged mountain country, the development required 142 miles of road to establish lower locations. Long hauls over dangerous curves took a toll in trucks, about 20 being lost in the construction.

Only one life was lost in the construction.

Boards Of Trade, Chambers Of Commerce Triples Strength

The Board of Trade and Chamber of Commerce movement has tripled its strength across Canada in three years, according to an announcement by The Canadian Chamber of Commerce. Today 664 community organizations of business men serving their communities and their country through The Canadian Chamber.

The national organization which co-ordinates the work of these community organizations has tripled its national policy held its 19th annual meeting in Vancouver recently.

Of particular interest to advertisers is the information included in the announcement that out of the 664 community organizations making up the membership of The Canadian Chamber, the national organization, 278 are served by their own weekly newspapers, and 75 per cent. of the 564-member Boards of Trade and Chambers of Commerce in Canada affiliated with The Canadian Chamber are in communities with 5,000 people or less.

The announcement from The Canadian Chamber of Commerce states that it is a community or grass roots organization comprising over 75,000 individual business men who give leadership to community, provincial and national development through the Board of Trade and Chamber of Commerce movement.

Among the aims and objects of the Board of Trade and Chamber of Commerce movement, are (1) to promote the progressive development of Canada's private enterprise system and to oppose vigorously communistic and other subversive influences, (2) to improve community welfare through the efficient work of a Board of Trade or Chamber of Commerce in every Canadian community, and (3) to stimulate and maintain a strong and united Nation.

KATHLEEN WILLISHER EMMA WOIKIN

CONVICTED IN SPY TRIAL, WOMEN LEAVE "PEN"—Only two women convicted in an espionage plot in this country, Emma Woikin, 27, and Kathleen Mary Willisher, 45, both found guilty during 1946 spy trials at Ottawa, were released recently from Kingston, Ont., penitentiary. Mrs. Woikin served out her two-and-a-half year sentence but, due to failing health, Miss Willisher was given her freedom four months before expiration of her three-year term. Emma Woikin is reported en route to her brother's home at Blaine Lake, Sask., and Miss Willisher is said to be in seclusion at the apartment of an Ottawa friend. Emma Woikin was born at Blaine Lake, of Doukhobor parents. She had been employed as a cipher clerk in the department of external affairs. Miss Willisher was employed in the office of the high commissioner for the United Kingdom where she became assistant registrar.—S.N.S. photo.

WILSON APPOINTED TO MELFORT, SASK.

Announcement is made by the Dominion Department of Agriculture of the appointment of Harold E. Wilson, B.S.A., as Superintendent of the Melfort Experimental Station, Sask.

Though born in Prospect, Ont., Mr. Wilson is a westerner by upbringing, for his family moved to western Canada to a farm near Saskatoon, Sask.

Mr. Wilson is a graduate of the University of Saskatchewan, where he specialized in animal husbandry. During the summers while attending University he lectured on animal husbandry and taught various breeds of livestock at summer fairs and exhibitions for the Extension Department of the University.

Joining the staff of the Dominion Experimental Station at Rosthern, Sask., on graduation in 1923, Mr. Wilson remained there until 1926, when he was transferred to the Dominion Experimental Station, Lacombe, Alta., as Assistant Superintendent in charge of Animal and Poultry Husbandry.

Canada Geese Battle With Man For Control Of Lake

CHIRO, Ill.—The Battle for Horseshoe Lake, between Canadian invaders and United States Government forces is developing into a major fight.

The United States Government, represented by Federal conservation forces aided by aerial bombers, grenade-lobbers and assorted noise-makers, is trying to stand off the onslaught of the migrating Canada geese.

As far back as records go the Canada geese have made Horseshoe Lake their winter home. Until the price of corn reached present levels farmers did not object too much. What were a few meals in the corn fields when goose-hunters were willing to pay inflation prices for a place to go.

And they came in, hovering over the lake and then peeling off into a dive, regardless of airplane bombs and other noise-makers.

Conservationist V. C. Conover said the bombs used are as harmless as firecrackers and would not damage a goose, if a direct hit were made. Often, he said, the geese react to the noise by diving toward it.

The first phase of the battle has gone to the invaders. But the conservationists haven't given up. They think that when the later flights come in they will be warded then the early arrivals and that the score would be even.

Inferiority Feeling Canadians' Fault

HALIFAX.—A Scottish-born university professor, Dr. John B. Hardie, has diagnosed Canada's chief ailment as a national inferiority complex.

"Canadians are overcome by a shocking sense of their own inferiority," he told Nova Scotia and Prince Edward Island delegates to the annual re-union of the Ancient and Accepted Scottish Rites here.

Now a Professor of Hebrew at Pine Hill Divinity College, here, Dr. Hardie said: "You Canadians all seem to feel intellectually inferior to the people of other countries because of your Canadian background. That is absolutely incorrect... just a lack of effort makes you feel that way."

COWLEY HAPPENINGS

Mr. and Mrs. Ronald McNeill have returned from a two-weeks holiday, spent visiting relatives and old friends at Atwater, Sask.

Mr. and Mrs. Jim Redding and daughter of Calgary were week-end guests of Mrs. Redding's sister, Mrs. Albert Cleland, and family.

Mrs. Frank Landry is on an extended holiday trip to Vancouver and other Pacific coast points. While away she will visit a married daughter and her family.

Mrs. Sam Currie of Morrin has returned home from a visit here with her brothers, Alma and Horace Poulson, and their families.

Week-end visitors to Macleod were Mr. and Mrs. Joe Jordan and Mr. and Mrs. Maurice Lemire.

Harry Gunn and M. A. Murphy attended a Masonic district meeting and game banquet at High River on Tuesday evening.

Mrs. E. Blas has recently purchased the residence in the east end of town, which has been occupied by Arthur Tustian and family for the past few years, and will be moving to her new home this week, while the Tustian family will move to their new home in the south side of town.

Robert Taylor and Paul Koonenoff have returned from a two month motor trip through the western United States. They report a very scenic journey.

At a special meeting of the United church held on Tuesday evening, Stanley Snyder, Leslie Day and Arthur Tustian were re-elected on the church board. W. S. Cook and Eddie Smyth were elected on the session of the church, with Mrs. M. A. Murphy being reappointed as secretary-treasurer. The meeting was well attended.

On Saturday afternoon, Nov. 20, a bazaar sponsored by the Ladies' Aid of the Cowley United church, which was held in the Masonic hall, was opened by Rev. J. C. Kay of Bellevue with fitting remarks on the sincerity and onward march of Christianity. The hall, which was scarcely large enough to accommodate the crowds which came in relays as it were, was gala with tea tables dressed in fine linen and fine china. Young girls wearing gaily frilled aprons acted as servers. This very successful endeavor was not only patronized by people of the community, but among the crowd was noticed a goodly number in attendance from Willow Valley, Lundbrock, Crow's Nest Pass towns, Pincher Creek and Calgary. A handsome sum was realized.

Mr. and Mrs. F. J. Lote celebrated their 25th wedding anniversary on Monday. They were married in Blaimore by Dr. W. T. Young in 1923 and have made the Crow's Nest Pass their home since.

Anyone wishing to join the newly formed badminton club may do so by seeing Mrs. Roy Price at Bellevue, secretary of the club. Badminton games are played on Tuesday and Thursday night in the IOOF hall at Bellevue.

Legion Appreciates Help

(Reprinted, Corrected)

Remembrance Day Services and observances of Blaimore were something to be proud of this year, due entirely to the public response and participation, and we most sincerely thank you, one and all, for the splendid co-operation and assistance.

We would like to specially mention our thanks to the B.P.O.E., United Church, Free French Society, Thornton & Sons and Mr. Kerr of the Playgrounds for the loan of cutlery and dishes to make our banquet possible. Also to various committees who gave unstintingly of their time and efforts and the local press for announcement space, to make a success of this Day of Days.

P. J. Lote, B.E.S.

GRAMACCI - ALLEN

A wedding of interest to friends of the Pass was solemnized at St. John's Anglican church in Edmonton on Saturday, November 20th, when Jessie Allen, RN, of Macklin, Sask., was united in the bonds of holy matrimony to Bernard (Benny) Gramacci, of Bellevue.

The groom's brother-in-law and sister, Mr. and Mrs. J. Marcinev of Edmonton were their only attendants. The young couple are well-known in the Crow's Nest Pass, Benny being a Bellevue boy and his bride was a nurse at the Bellevue Miners' hospital for over four years.

The happy young couple will make their home at Edmonton, where the groom is employed.

A surprise baby shower was held at the home of Mrs. J. Pifford for Mrs. Ed. Arrol on Wednesday, Nov. 17. Misses Mary Tiberg and Ellen Pifford poured the tea.

Mr. and Mrs. Charlie Pifford held a reception for a number of their young friends at the Rex Cafe on Tuesday, November 23.

Mr. Frank Lonetti, from Seattle, Wash., arrived in town Wednesday to spend the Yuletide season with his wife, daughter and parents.

Mrs. John Rymackers of Bellevue was a Calgary visitor on Sunday last.

Mr. and Mrs. F. Leavitt are the new

THE ABLE "SEAMAN"
This man is the backbone of the Navy. A fully trained seaman, highly competent through broad knowledge and experience, he is equally at home on the deck of a warship at sea and on the streets of the foreign lands to which his duty takes him. Wherever he goes he wins respect for Canada. He has a satisfying job and does it well. He is not called "Able" seaman without reason.

you can become a SAILOR

You'll have a busy, active, adventurous life.
You'll have a healthy life and a satisfying one.
You'll visit foreign places and have your chance to see the world.
You'll have the opportunity to learn a trade... acquire a wide variety of knowledge.
You'll be given every training and educational aid to help you climb the Navy's ladder of advancement. You'll be encouraged and helped to advance with the Navy.

Naval regulations permit 30 days leave a year with pay. Pay scales have recently been increased... and you can qualify for a generous life long pension at the end of your service, while you are still young enough to enjoy it.
